The Canon imageFORMULA DR-S350NW is a powerful, flexible office document scanner designed to optimize the document workflow of businesses across various industries. Its advanced features—including built-in dual-band Wi-Fi®, Ethernet, and USB connectivity— designed to allow seamless scanning, ideal for both networked and local operations. With easy-to-use technology and fast, high-quality scanning, the DR-S350NW delivers on productivity and efficiency.

IDEAL FOR A WIDE RANGE OF INDUSTRIES

The DR-S350NW is built to automate paper-based workflows and is perfect for industries such as healthcare, finance, government, education, and more. Whether it's patient records, invoices, legal documents, or reports, this scanner can help convert your documents into manageable digital formats.

FAST AND EFFICIENT SCANNING

With the DR-S350NW, you can quickly scan up to 50 pages per minute or up to 100 images per minute[1] in duplex mode, in color, grayscale, or black-and-white. The 60-sheet Automatic Document Feeder makes it ideal for handling large volumes of documents, designed to allow you to process documents faster and reduce downtime. With advanced image processing features, such as color enhancement, noise reduction, or dual-side image combining, the DR-S350NW is designed to optimize document readability and clarity.

EASY TO USE

The DR-S350NW office document scanner is designed with usability in mind. Its 4.3-inch color touch panel allows users to easily configure scan settings, perform scan jobs, and preview scanned documents directly on the device without a computer. The built-in CaptureOnTouch Lite Web allows you to scan directly from any web browser-enabled device, whether you're on Windows, macOS, Chrome OS, or even compatible mobile devices such as smartphones or tablets. With the QR code scanning feature, you can scan documents almost effortlessly by reading the code with your mobile device.

FLEXIBLE CONNECTIVITY

Whether you're working in a shared office environment or remotely, the DR-S350NW adapts to your needs. Its built-in Wi-Fi, Ethernet, and USB connections allow flexible integration into your network. You can easily share the scanner across teams and devices, helping to ensure that everyone has access to high-quality scanning.

HIGHLY MANAGEABLE

Perfect for large deployments, the DR-S350NW offers multiple remote management tools. System administrators can manage fleets of scanners across multiple locations, configure scan jobs, and even apply security protocols such as Active Directory user authentication via the Canon DR Scanner Management Tool and CaptureOnTouch Admin. Additionally, user permissions can be customized, helping organizations maintain a high level of control and additional security over their document handling.

ENVIRONMENT IN MIND

The DR-S350NW office document scanner meets ENERGY STAR® guidelines for energy efficiency and is packaged with minimal plastic materials.

PEACE OF MIND WITH CUSTOMER CARE

The imageFORMULA DR-S350NW scanner comes with a three-year limited warranty for advanced exchange service. In the unlikely event the device does need a covered repair, Canon will send a replacement scanner in advance of receiving the device that needs repair. Additionally, Canon's customer service for the DR-S350NW is 100% U.S.-based, so representatives are quickly available to get any needed answers. Canon also offers extended warranty options for coverage beyond three years.

SPECIFICATIONS

Type:	Office Document Scanner
Document Feeding:	Automatic or Manual
Document Size	
Width:	2.0" – 8.5"
Length:	2.1" – 14.0
Long Document Mode:	Up to 220"
Document Weight	
Page Separation:	7 lb. – 56 lb. Bond Plain Paper
Bypass:	7lb. – 68 lb. Bond Plain Paper
Feeder Capacity:	Up to 60 Sheets
Grayscale:	8-bit
Color:	24-bit
Light Source:	RGB LED
Scanning Element:	Contact Image Sensor (CMOS)
Scanning Modes:	Color, Grayscale, Black and White
Optical Resolution:	Up to 600 dpi
Output Resolution:	100/150/200/240/300/400/600/1200 dpi

Max. Scanning Speeds[1]	Simplex	Duplex
Black and White:	Up to 50 ppm	Up to 100 ipm
Grayscale:	Up to 50 ppm	Up to 100 ipm
Color:	Up to 50 ppm	Up to 100 ipm

Interface:	USB 3.2 Gen. 1
Dimensions:	11.46" x 7.13" x 3.66" (with trays closed)
Weight:	7.5 lb.
Power Consumption:	28 W or Less
Suggested Daily Volume[2]:	Up to 9,000 scans
Bundled Software:	ISIS/TWAIN driver (Win/Mac), CaptureOnTouch Lite Web, CaptureOnTouch Pro, DR Scanner Management Tool
Supported OS:	Windows 10 (32-bit/64-bit), Windows 11, Windows Server 2016, Windows Server 2019, Windows Server 2022, macOS 12, macOS 13, macOS 14

Other Features:	Automatic Color Detection, Automatic Page Size Detection, Automatic Resolution Setting, Background Smoothing, Character Emphasis, Color Dropout/Enhance Color, Deskew, Double-Feed Release, Feeding Retry, Folio Mode, Image Rotation, Long Document Mode, MultiStream™, Pre-Scan, Prevent Bleed-Through/Remove Background, Shadow Cropping, Skip Blank Page, Text Enhancement, Text Orientation Recognition, Ultrasonic Double-Feed Detection, User Preferences
Item Code:	6897C002AA

1. Examples based on typical settings, rated in pages/images per minute with letter-sized documents, portrait-feeding direction, up to 200 dpi. Actual processing speeds may vary based on PC performance and application.
2. Calculated by scanning speeds and typical hours of scanner usage. SDV is not meant to guarantee hardware durability.
