

BUILT FOR PERFORMANCE DESIGNED FOR SIMPLICITY

Designed to keep work moving, the Canon imageFORMULA DR-C360 office document scanner delivers reliable document capture. From everyday business documents to passports scanned without a carrier sheet¹, it handles a wide variety of document types, quickly transforming paper into high-quality digital files. Its compact design, approximately 30 percent smaller than previous models, fits comfortably into virtually any office environment, making it an ideal solution for space-conscious workspaces without sacrificing performance. For organizations deploying multiple devices, the DR Scanner Management tool streamlines administration by providing centralized control and reducing the effort required for large-scale rollouts.

ADAPTABLE TO YOUR BUSINESS

From healthcare and finance to education and the public sector, the imageFORMULA DR-C360 is designed to support the document capture needs of today's organizations. Its versatile scanning capabilities help transform paper-based information into digital workflows, enabling process automation, fast information sharing, and collaboration across departments. Whether digitizing documents such as patient records, financial documents, student files, or government forms, the imageFORMULA DR-C360 can help organizations work efficiently while keeping information accessible with options to implement security features.

BUILT TO HANDLE MORE

The imageFORMULA DR-C360 delivers fast, reliable scanning performance with the flexibility to handle a wide variety of document types, including thick and thin documents, long pages, oversized media, plastic cards, embossed cards, and passports without a carrier sheet¹. Capable of scanning up to 60 pages per minute in both color and black-and-white², it helps organizations digitize information quickly and efficiently. A 100-sheet automatic document feeder and advanced paper feeding capabilities help support high-volume scanning while accommodating a broad range of document sizes. This versatility allows users to confidently scan diverse materials while maintaining smooth, consistent operation.

SIMPLE OPERATION

Designed with ease of use in mind, the scanner features an intuitive operation panel with an LCD display, user-friendly icons, and one-touch job buttons that allow users to quickly start scanning, create customized workflows, and complete frequently done tasks with ease.

Supporting a variety of document types and sizes in mixed batches, it helps reduce the need for manual sorting and improves overall scanning efficiency.

With bundled CaptureOnTouch software, users can create customized scan workflows and choose from a variety of file output and distribution options to fit their business needs.

PRECISION IMAGING. RELIABLE RESULTS.

Designed to deliver reliable image quality across a wide range of documents, advanced image processing features automatically optimize each scan for clear, accurate results. Auto color detection and auto resolution settings help simplify mixed-batch scanning by automatically adjusting output settings based on document type, helping maintain image clarity while optimizing file size for efficient storage and sharing. For challenging documents, features such as character emphasis and text enhancement improve text visibility and readability, helping ensure important information is captured accurately.

SOFTWARE THAT THINKS AHEAD

The imageFORMULA DR-C360 scanner includes a robust suite of software applications. Canon's CaptureOnTouch software lets you scan directly to compatible cloud apps³ like Microsoft® SharePoint®, Dropbox, Google Drive™, and OneDrive. This helps simplify document sharing and teamwork. Combined with Tungsten Virtual ReScan (VRS) and Readiris PDF, the bundled software helps improve scan quality and organization. It also includes Windows, ISIS®, and TWAIN drivers for easy setup with third-party systems. Plus, it works seamlessly with the latest Mac OS versions.

CUSTOMER CARE

Protect your investment with eCarePAK options designed to extend support beyond the initial three-year advanced exchange warranty period. These flexible service offerings can help reduce the cost and complexity of post-purchase maintenance while helping maximize uptime and ensure reliable performance throughout the product lifecycle.

SPECIFICATIONS

Type	Office Document Scanner		
Document Feeding	Automatic or Manual		
Document Size	Width: 2.0" – 8.5" Length: 2.1" – 14.0"		
Long Document Mode	Up to 240"		
Document Weight	7–56 lb. Bond Plain Paper		
Feeder Capacity	100 Sheets		
Grayscale	8-bit		
Color	24-bit		
Light Source	RGB LED		
Scanning Element	Contact Image Sensor (CIS)		
Scanning Modes	Color, Grayscale, Black-and-white		
Output Resolution	100/150/200/240/300/400/600/1200 dpi		
Scanning Speeds ²		Simplex	Duplex
	Black-and-white	Up to 60 ppm	Up to 120 ipm
	Grayscale	Up to 60 ppm	Up to 120 ipm
	Color	Up to 60 ppm	Up to 120 ipm
Interface	USB 2.0 Type-C		
Supported OS	Microsoft Windows 11, Windows Server 2022, 2025, macOS 14, 15, 26		
Dimensions (H x W x D)	8.6" x 11.2" x 8.8" (with trays closed)		
Weight	Approx. 7.05 lb.		
Power Consumption	15.6W or less (sleep Mode: 1.0W or less)		
Suggested Daily Volume	13,000 scans ⁴		
Bundled Software	ISIS/TWAIN Driver, CaptureOnTouch, Tungsten Virtual ReScan, Readiris PDF		
Options	Flatbed Scanner Unit 102/202, Exchange Roller Kit (feed roller and retard roller), Carrier Sheet (Passport), Carrier Sheet (A4), Carrier Sheet (Legal), eCarePAK Extended Service		
Other Features	Ultrasonic Double Feed Detection, Auto Color Detection, Skip Blank Page, Auto Page Size Detection, Auto Resolution Setting, Text Orientation, Recognition, Barcode/2D Code Recognition, OCR Recognition, Batch Separation, Active Threshold, Text Enhancement (I/II), Deskew, Double Feed Release, Prescan, 3-Dimensional Color Correction, Prevent Bleed-Through/Remove Background, Background Smoothing, Character Emphasis, Color Dropout/Enhance (RGB), MultiStream Function, Adjustable Gamma Settings, Moire Reduction, Folio Mode, Reduction Ratio Adjustment, B&W Contrast, Reverse Image, Rapid Recovery System		
Item Number	7629C002		

¹ Depending on the condition of the passport, the Passport Carrier Sheet may be required to prevent the passport from being damaged.

² Examples based on typical settings, rated in pages/images per minute with letter-sized documents at 200 dpi portrait feeding directions. Processing speed is based on internal testing. Actual processing speeds may vary based on PC performance and application. In addition, first processing speed may vary based on warm-up time and other restrictions.

³ Subscription to a third-party cloud service required. Subject to third-party cloud service provider's terms and conditions.

⁴ Calculations based on scanning speed and assumed daily time of use.
