Supported Operating System		Windows 11, Windows 10, Windows Server 2025, Windows Server 2022, Windows Server 2019, Windows Server 2016		
Hardware Requirements	CPU	Intel or Intel-compatible processors <sup>*10*11</sup>		
	Display Resolution	1280 x 800 Pixels or more, and 65,536 colors or more		
	Disk Capacity	10 GB or more <sup>*12</sup>		
Software		Microsoft .NET Framework 4.7.2 or later	Microsoft .NET Framework 4.7.2 or later	
			Microsoft Internet Information Service 10.0 or later	

1. PaperStream Capture Pro and PaperStream Capture Pro Premium are designed to work with TWAIN-compatible scanners that adhere to TWAIN specifications version 2.3 or newer. However, some third-party scanner TWAIN drivers may not fully comply with this standard and could encounter compatibility issues and/or limited functionality. We recommend using the trial/evaluation version of the software to test your scanners and verify performance.

2. Desktop devices (A4/Letter/Legal or smaller size documents).

3. Available OCR languages when using third party scanners. English, French, Spanish, German, Italian, and Japanese.

4. OCR for handwritten block letters does not support under Windows 32bit OS.

5. Not available when using third party scanner.

6. Available when specified connectors are installed.

7. It is necessary to install at least one Scan Station or QC/Index Station in addition to the PaperStream Capture Pro Scan Station, since 2 or more stations are required in total to configure the "Multi-Station function".

8. After Scan Correction.

9. Available when PaperStream Connector Option is installed.

10. Scanning speeds may vary due to the system environment.

11. The scanner may not operate if the recommended CPU and memory capacity requirements are not met.

12. Enough disk capacity is necessary for the saved file when scanning.
